3410 Unisex 3-Season Jacket \$51.90

Three out of four seasons prefer Edwards.

NEW!

Up to 6XL & Talls / Water Resistant / Anti-Pilling Fleece

FEATURES:

- Outer shell is coated with DWR (Durable Water Repellent) finish that lets water bead up and roll off
 - Premium anti-pilling fleece lines body and laydown collar
 - Raglan sleeves are taffeta-lined and quilted for insulation
 - Rib-knit cuffs and hem hold in natural body heat
 - Reflective pulls on main zipper and side zipper pockets
 - Additional inside zipper pocket
 - Left inside embroidery access keeps decoration away from shirt
 - Home launder
 - 100% Nylon outer layer/100% Fleece inner layer, 3.18 oz.

DECORATION: Embroidery

COLORS: 007 Navy/Navy, 010 Black/Black, 960 Navy/Charcoal, 961 Black/Charcoal, 962 Red/Charcoal, 963 Khaki/Black, 964 Royal/Charcoal, 965 Forest Green/Charcoal

6420 Ladies' Soft Shell Jacket \$55.00

Light as a feather. Shields you from weather.

NEW!

Up to 6XL & Talls / Water Resistant / 3-layer Bonded Fabric

FEATURES:

• Three-layer bonded fabric for maximum weather protection and versatility:

(outer layer resists wind and water/middle layer is a highly breathable membrane/inner layer is microfleece)

- · Outer layer is coated with DWR (Durable Water Repellent) finish that lets water bead up and roll off
 - Classic fit with raglan sleeve and inside closure cuff
 - Full-length wind guard, standup collar and chin guard
 - Reflective pulls on reverse coil main zipper and side zipper pockets
 - Additional zipper chest pocket on left for men, or right for ladies
 - Left inside embroidery access keeps decoration away from shirt
 - Home launder
 - 96% Polyester/4% Spandex outer layer; Microfleece inner layer, 10.1 oz.

DECORATION: Embroidery

COLORS: 007 Navy/Navy, 010 Black/Black, 966 Carbon/Black, 967 Silver/Black

SIZES: Men's Regular S–3XL, Tall L–6XL, Scale H; Ladies' XS–4XL, Scale O

3440 Men's Performance $\mathsf{Tek}^{\mathsf{TM}}$ Jacket \$39.90

6440 Ladies' Performance Tek™ Jacket \$39.90

You sweat the details. I'll wick the moisture.

NEW!

Up to 6XL / Moisture Wick / 2-layer Bonded Fabric

FEATURES:

- Two-layer bonded fabric for breathable, comfortable stretch: (outer layer is polyester/inner layer is anti-pilling knit fleece)
- Full-length wind guard, standup collar and open sleeve cuff
- Side pockets, right chest pocket and reflective pull on main zipper
 - Home launder
 - 100% Bonded polyester fleece, 11.8 oz.

DECORATION: Embroidery

HOW TO MEASURE

Our garments are cut to accommodate active working conditions. Here's how to get the correct size and ensure a comfortable fit.

LADIES

Be sure to measure your body. Do not measure over shirts or slacks. Hold tape measure close but not tight against the body.

Bust:

Measure across fullest part of bust/chest keeping arms relaxed at sides. Keep tape measure straight and parallel to the floor.

Waist:

Measure at your natural waistline at its smallest part.

Low Hip:

Measure the widest point of your hip, approximately 8" below your natural waist.

High Hip:

Measure the protruding points of your hip bones, approximately 3" below your natural waist.

MEN

For men, as a general rule, the number of inches measured will equal your size, when measured correctly. Be sure to measure your body.

Do not measure over shirts or slacks.

Neck:

Measure around base of neck (lowest part). Number of inches equals neck size.

Sleeve Length:

Start from the center of the back of neck and measure across the shoulder to the elbow and down the wrist.

Chest:

With arms at sides, measure across fullest part of the chest, under arms and across shoulder blades. Keep tape measure straight across back.

Waist:

Measure your natural waist at the height you normally wear your pants. Keep the tape measure firm but not tight.

Inseam:

Measure inside of leg from crotch down to top of shoe. Or, measure a similar style of pants that fit well. Measure from the crotch seam to the hem.

Low Hip:

Measure the widest point of your hip, approximately 8" below your natural waist.

Scale guides refer to body measurements.

When using size scales, please refer to catalog product pages for the sizes offered in the style you are purchasing.

Tuff-Pil® Plus High-Tech Acrylic fibers used for uniform ready sweater apparel offer low-pill performance, colorfast and durability. The garment is designed to last 30–50 home wash cycles.

Moisture Wicking fabric draws moisture away from your skin transferring it to the outer surface keeping you cool, dry and comfortable.

Teflon® and Scotchgard™ - Special fabric protection impedes water and stains from penetrating the garment for a period of time.

A **Soil Release** finish provides for easy care with recommended soil treatment. The release allows stains to be removed more easily during laundering.

A **Stain Release** finish wicks away moisture, helps most stains come out in the wash, and leaves the fabric soft and breathable.

Iron Free fabric is specially treated to prevent wrinkles and the taped seams are fused to keep the shirt crisp and wrinkle free.

Wrinkle Resistant fabric is treated to resist wrinkles and the garment holds its shape with multiple washes.

UV Protected means more fun, less sun. The dry-mesh fabrics block harmful UV rays with up to a UPF 50 factor.

Natural Stretch fabric is engineered to provide natural stretch, flexibility and comfort.

REPREVE Repreve® fiber contains recycled materials – including plastic bottles. When you see this symbol on the tag, remember: It's what's in it that makes it recycled. With Repreve®, you can be sure you're creating a

reprieve for the planet.

Home Launder/Machine Washable is a product designed to be washed in small-batch, mild temperature conditions typical of home machine washers. The garment is designed to last 30–50 wash cycles or more.

Dry Clean refers to products that are recommended to be professionally dry cleaned with very limited exposure to humidity. The garment is designed to last 30–50 dry clean cycles.

Industrial Launder friendly is product designed to withstand the large batch wash/dry/press and high temperature conditions prevalent in industrial and commercial laundries. The garment is designed to last 50 wash cycles or more. Bleach and other chemicals are generally not recommended as they decrease durability, customers should test product before using it in environments with chemicals and/or very high temperatures and decide to use the product at their own risk.

Tuff-Tested^{$^{\text{M}}$} garments have passed testing in the field to last week after week in any light work environment. To achieve this resilience, the right fabrics, trims and finishes are selected to enhance the life of the garment. These garments are designed to last 50+ wash cycles and to withstand the large wash/dry/press and high temperature conditions of industrial laundry.

OUR QUALITY COMMITMENT

At Edwards, before the label goes onto our apparel, quality and workmanship go into making it. The result is professional apparel that's stylish, flattering in its fit and appearance, and so reliably durable that it gives new meaning to wash and wear, and wear and wear. We know as well as anyone that what your employees wear is a reflection of your brand and you expect clothes that work, so we use quality fabrics, trims and finishes that enhance the life of the garment.

Edwards confidently stands behind every garment we make. If for any reason we fail to live up to your expectations, we will do whatever we can to make things right. It's no wonder Edwards is the dominant brand extensively used in major industries ranging from hotels and restaurants to casinos, healthcare and countless others in-between. You see, every day for over 50 years, millions of people have gone to work wearing Edwards.
